

DEMOCRATS READY FOR BIG CONVENTION

RIVAL FORCES MOVING INTO POSITION TO START DRIVE MONDAY MORNING

RE-CONVENTION PERIOD SIMILAR TO G. O. P. MEET

SAN FRANCISCO, June 26.—As the rival forces at the democratic national convention move into position for the opening Monday there is apparently no more definite alignment of strength for various candidates than there has been since the delegates began to assemble.

William J. Bryan epitomized the situation today in language with which most observers seemed to agree.

"There will be a lot of tickets put up and down before this convention nominates one," he said.

The closing hours of the pre-convention period are much the same as characterized the last minute proceedings of the Republican convention at Chicago. There is a marked similarity in many respects.

Seven hundred and fifty-six of the delegates are expected to arrive in San Francisco on Monday and ninety-two delegates are expected to arrive on Tuesday. The delegates are expected to arrive in San Francisco on Monday and ninety-two delegates are expected to arrive on Tuesday.

There is the same talk of deadlock and compromise candidate that was heard at the Republican convention. The delegates are expected to arrive in San Francisco on Monday and ninety-two delegates are expected to arrive on Tuesday.

How much influence Bryan will have on the making of the platform and choice of a candidate will be shown soon after the opening.

The first evidence of his strength will be revealed in the makeup of the resolutions committee which will draft the platform, and in the choice of the permanent organization.

These issues will bring about a direct contest between the administration forces and Mr. Bryan's forces. If Mr. Bryan finds upon the resolutions committee a majority of his sympathizers with his views on prohibition, the league of nations and other questions, the chances of a fight at the outset will be minimized.

Mr. Bryan may oppose bringing the issue into the platform at all. Of course if the "wets" attempt to put in a plank which runs counter to Mr. Bryan's declared views on prohibition, Mr. Bryan certainly will carry the fight to the floor of the convention.

In such an event, Mr. Bryan will not be unopposed and there are prospects of fireworks.

Monday's session will be a mere preliminary in which Chairman Cummings will deliver his keynote speech, the caucus designations for various committees including resolutions and credentials will be ratified and the convention will then adjourn so the committees may work.

If a fight within the committees delays the completion of their work beyond Tuesday noon, the session that day may be another dramatic affair. It is undecided whether the nominating speeches for the nine or ten men who will be presented will be delivered before the platform is brought in.

Nobody professes to know what candidate Mr. Bryan favors, nor what candidate President Wilson and the administration forces may favor.

But at every turn of the road the elusive McAdoo movement bobs up. The play of politics is expected to show many shifting alignments as the convention proceeds. There are many "wets" who, opposing Mr. Bryan on the prohibition question will be found to be with him on the league of nations. Per contra there are dries who will leave the Bryan camp as soon as that issue is closed and join with the administration in what it seeks to do in the making of a platform.

The Palmer people are working hard to get the heaviest possible showing on the first ballot. They have an eye to the tradition of the party—unbroken until 1912—that the man who gets a majority gets the necessary two-thirds as the logical consequence.

Like with their prospects on the preliminary balloting and claim accessions from the elimination which is sure to come after certain pledges as complimentary

NEW ATTACK MADE ON SECRETARY DANIELS AND HIS ASSISTANT

Letters from Admiral Decker of Florida Condemning Secretary Made Public

WASHINGTON, June 26.—Attacks on Secretary Daniels and Assistant Secretary Roosevelt are made by Rear Admiral Benton C. Decker, commandant of the seventh naval district Florida in letters to Chairman Hale of the senate naval investigation committee which were published today in the army and navy register, a service journal.

The officer charges that the naval secretary in his recent testimony before the committee, "intentionally and deliberately" misrepresented certain acts of Rear Admiral Sims, Fullam and Flske and that he had determined to "break" these officers because they "would not follow him to the limit of demoralizing and degrading the navy."

He asserts that in this effort, Mr. Daniels had used "all the power of his high office the power of ridicule, sarcasm and half-truths the strength of publicity secured through his newspaper connections—all the weapons which Prussianism used to destroy its enemies and autocracy has used to maintain its power."

Admiral Decker assailed Assistant Secretary Roosevelt for his references in a recent communication to a member of congress to a "holier-than" group of officers the navy war college at Newport.

He declared this was a group of officers who had stood out against the indication of politics in the navy and to whom the assistant secretary had referred to as "gold laced gentlemen."

Both Secretary Daniels and Assistant Secretary Roosevelt are at San Francisco.

Senator Hale is in New York and at his office it was said there was no record of Admiral Decker's letter.

ONE KILLED AND THIRTEEN INJURED

CHICAGO, June 26.—Miss J. Schmidt, motorman of an east-bound Aurora, Elgin & Chicago Electric railroad train was killed and thirteen passengers were injured late today when the train, crashed into a train of empty freight cars at Bellwood, thirteen miles west of Chicago. The most seriously injured was W. C. Wetzel of Oak Park.

At the Oak Park hospital where most of the injured were taken it was said Wetzel's injuries probably would prove fatal.

The two coaches of the electric train, which was bound for Chicago, were demolished and the motorman was pinned beneath the wreckage. The collision occurred when the freight train pulled across the tracks of the electrical line.

K. C. PILGRIMAGE TO EUROPE PLANNED

CHICAGO, June 26.—Arrangements for a Knights of Columbus pilgrimage to Europe to present a statue of LaFayette to the city of Metz were made today by the supreme board of directors. The statue will be unveiled on August 21 by Marshal Foch, after which members of the party will go to Rome as guests of Pope Benedict. Later a visit will be paid to the shrine of Our Lady of Lourdes.

William J. McGinley, supreme secretary said that at the request of the French government no women would accompany the pilgrimage because of traveling conditions abroad.

P'ANE FALLS 2,000 FEET

Oliver, Ill., June 26.—An airplane, piloted by Don Bennett and carrying a passenger, A. Kyle, fell 2,000 feet last night. The pilot's injuries have not been determined. The passenger was unhurt. Bennett, in crawling to Kyle who fainted in mid-air set his controls. The plane got out of control while Bennett was receiving Kyle.

URGES WORD FROM WILSON

Washington, June 26.—Representative Upshaw, Democrat of Georgia, in a letter to President Wilson today told the executive "it would have a wholesome and composing effect if you would declare before the gavel falls at the opening hour that you would not accept a third term."

Framing Democratic Platform Will Be Difficult

SAN FRANCISCO, June 26.—Bone dry prohibition, profiteering, industrial relations, the league of nations and the Irish question promise to be the headlines in the fight over planks in the Democratic platform. In this category the prohibition question was easily foremost as the bone drys and the antis began the actual counting noses.

A convention floor fight seemed almost certain.

Also threatening a fight in the open convention was the Irish question on which varied recommendations, running from Irish recognition to an expression of sympathy will be laid before the resolutions committee.

The league of nations row was more or less in the background but opponents of President Wilson were making an effort to get together to block his ratification. As to the labor problem and profiteering only the beginnings of a disagreement were in evidence. On the profiteering issue, however, both Bryan and Palmer will have ideas of their own which may bring out a stiff alignment.

Mr. Bryan as usual, seemed likely tonight to be the stormy petrel of the platform fight. He took charge during the day of the prohibition forces lined up support for his league of nations fight and made himself the chief subject of speculation.

On prohibition three courses are open. Mr. Bryan and his supporters want an affirmative declaration for the enforcement and preservation unchanged of the Volstead act. A group in which the New York and New Jersey delegations at present lead are in favor of a liberalization of the law for which they say a way has been opened by the supreme court's opinions. Still a third larger class is for no prohibition plank at all.

Emphasized by the action of the Pennsylvania caucus in refusing to instruct its representative on the resolutions committee to urge modification of the Volstead act, the dries late today were claiming that not only would they be able to prevent a wet plank from being adopted but would be able to include a plank commending the law.

Mr. Bryan announced he would fight the wets from the committee to the floor of the convention. That the committee has a majority for the dries is conceded, but the wets are planning a minority report and Norman Mack of New York said his state would make a determined fight for the modification of the Volstead act even if New York state stood alone.

Altho overshadowed by the prohibition fight the ecotest over the league of nations plank got increasing attention. The general prediction was that the administration plank endorsing the league without destructive reservations would get a safe majority in the convention but there might be a contest against it on the convention floor. There was much speculation about the form such a fight might take place.

Senator Reed said he did not know whether he would present his views to the committee, or if finally seated, whether he would ask for a vote on flat rejection in the convention itself.

The exact position to be taken by Mr. Bryan on the treaty also remained more or less indefinite tho it was the general expectation he would fight the plank shaped by the administration and would be for a declaration that the treaty be ratified with whatever concessions might be necessary in way of reservations.

The disposition in still other quarters was for a plank advocating ratification with whatever reservations "deemed necessary to protect American interests."

Another issue which received attention was the profiteering plank. Attorney General Palmer's plank is said to advocate federal control of securities issues by all concerning doing interstate business in necessities, federal licensing of all interstate corporations and a system of marking commodities handled in interstate commerce with the producer price.

The back bone of Mr. Bryan's proposal is understood to be jail sentences for profiteers and strict enforcement of all anti-profiteering laws.

Advocates of a plank on the question of Irish independence swarmed about today armed with varied proposals and it appeared the subject would be most bitterly fought. Leaders hoped to keep it off the floor of the convention but were far from certain they could do so.

The trend of opinion among the various Irish-American organizations seemed to favor a plank flatly demanding recognition of the Irish republic but others declared there was no hope of securing such action and that the main fight should be made for a milder plank.

Eamonn de Valera, president of the Irish Republican government is on his way here to lead the fight for a plank for recognition of the republic and in a telegram to friends today he declared nothing less would be satisfactory to him.

President Gompers of the American Federation of Labor will lead in person the fight to put organized labor's program into the platform and Mr. Bryan also will submit a suggested plank opposing compulsory arbitration tribunals.

PARIS, June 26.—King Alexander of Greece left Paris today for Athens.

JACKSON, Wyo., June 26.—Miss Pearl Williams today was appointed town marshal of Jackson by the all-woman administration elected at the last municipal election. All appointees so far have been women.

OMAHA, Neb., June 26.—De-

parture of the J. L-6, all metal monoplane owned by J. L. Larson of New York on its non-stop flight from Omaha to New York City scheduled for 4 a. m., Sunday has been postponed on account of a faulty gas feed.

LONDON, June 26.—

There has been no shooting here during the past twenty-four hours. Troops still are on guard but the city is resuming normal activities. The only unusual incident today was the arrest of five fully equipped members of the Ulster volunteers who were guarding the waterside postoffice.

FAIRMOUNT, W. Va., June 26.—

Practically the entire Baltimore & Ohio railway force of conductors and brakemen here went on strike tonight and as a result freight traffic in this region is at a standstill. About fifty men are affected.

BOSTON, June 26.—

The steamer Lewiston, Baltimore to Cherbourg in wireless messages intercepted here today reported she was leaking badly and in need of assistance about 340 miles east of New York, but later in reply to inquiries she said she was no longer in danger.

W. J. BRYAN OPENS FIGHT FOR PROHIBITION PLANK IN DEMOCRATIC PLATFORM

SEN. HARDING SLIPS AWAY FOR QUIET WEEK END VISIT

Spending Few Days at Country Home of Sen. Frelinghuysen of N. J.

RARITAN, N. J., June 26.—Senator Warren G. Harding, Republican presidential nominee is spending the week end at the country home here of United States Senator Joseph R. Frelinghuysen.

When the senator left Washington today he was disinclined to make public his destination. Tonight, however, he consented to permit his whereabouts to be known with an earnest stipulation that he be not disturbed, as he is seeking a much needed rest.

Washington, June 26.—Accompanied by Mrs. Harding, Senator Harding slipped quietly away today to spend the week-end at the country home of a friend in a nearby state. He declined to make public his destination but announced he would be back next Tuesday.

By surrounding his trip with secrecy the presidential nominee hoped to avoid crowds and obtain a rest. It will be his first vacation since his campaign for the presidential nomination began early in the year.

Senator Harding went to his office early in the day to go over his correspondence but remained less than two hours. No engagements had been scheduled but he conferred briefly with Senator and Mrs. Medill McCormick of Illinois, the latter discussing especially plans relating to the part of women in his campaign.

While on his trip it is understood Mr. Harding would devote some time to his speech of acceptance now under preparation. He also plans to play golf and to make up a foursome. Senators Frelinghuysen of New Jersey, Kellogg of Minnesota and Hale of Maine left for the same destination.

The first of the five million campaign posters bearing the pictures of Senator Harding and Governor Coolidge was received today from the printers. It is printed in three colors and bears the caption "America Always First."

Owing to the print paper shortage, the poster will be only about 12 by 18 inches in size.

Senator Harding's office also received the first batch of the fifteen million campaign buttons bearing the nominee's portrait.

STRIKERS VOTE TO REMAIN OUT

BALTIMORE, Md., June 26.—More than a thousand strikers of the Baltimore & Ohio, the Pennsylvania and the Western Maryland railroads at a meeting late today without a dissenting voice voted to remain out until the wage board had declared its award.

John S. Baker, chairman of the strikers, said by midnight not a wheel would be turning. At the offices of the Western Maryland railroad it was admitted nearly the entire force at Hagerstown and some 250 men at Baltimore were out.

MAKES PLEA FOR CLEMENCY

Santa Fe, June 26.—Mrs. Charles R. Baker of Friday Harbor, Wash., on Monday will make a plea for executive clemency for her son, Elmer W. Blawett, under sentence to hang July 9 for the murder of Clyde D. Armour of Sioux City, Io. Blawett was a driving companion for Armour in the fall of 1916, when the latter was slain while making an overland trip to California.

DEMISEY READY FOR BATTLE

Denver, Colo., June 26.—Jack Demisey, heavyweight boxing champion, and Jack Kearns, his manager, arrived in Denver today an departed tonight for Idaho Springs, Colo., where the pugilist will go thru a training routine. Kearns reiterated that Demisey is ready to meet any aspirant for the title at any time.

AUTO HITS TRAIN:

THREE ARE KILLED

Anderson, Ind., June 26.—Charles Huffman, 45; Lyman McCord, 21, and Elmer Garrison, 55, all of Fishersburg, were killed instantly when an automobile in which they were riding was struck by a Big Four train at a street crossing here this morning. Jennie McCord, 20 of Fishersburg was severely injured.

DECLARES PARTY MUST BE SAVED FROM "WETS"

SAN FRANCISCO, June 26.—"Wet and dries" today continued their pre-convention battle but left the outcome still in doubt. William J. Bryan formally opened his fight for a prohibition plank. After his election by the Nebraska delegation to the resolutions committee he made a long and vigorous address at a luncheon of the Commonwealth Club on prohibition and other platform questions.

He declared the Democratic party must "be saved from the liquor interests" and predicted utter rout for the "wets."

Democratic leaders favoring modification of the Volstead law confined their efforts to a quiet work among state delegations. Several claimed large accession to a "wet" or at least "damp" declaration. Other leaders, however, declared the platform would be silent on the prohibition question and were working toward that end.

Mr. Bryan asserted there would be no compromise. He said that while an open fight might be avoided he would force a record vote, both of states and individual delegates if the liquor question was brought up in the convention. It is the paramount issue before the Democrats.

The wets were encouraged by reports from southern delegations that hopes of the prohibitionists for a solid south for a prohibition declaration are unfounded.

Mr. Bryan told his audience he sought his place on the resolutions committee especially to fight for a "dry" plank.

"I'm not sure that we're going to have any fight," Mr. Bryan continued, "but on the wet question which probably will come before the convention every man will have the chance to go on record. We're going to have a roll call and I want every delegation polled so if any Democrat wants to turn the party over to the liquor interest his folks at home will know it."

Mr. Bryan said he would welcome a minority report from the resolutions committee if necessary to bring the issue squarely before the convention.

"When we're thru," he continued, "the country will know whether the Democratic party will be the chattel property of the brewers or whether they'll be out of business never to raise the black flag again. There will be no dodging the issue, no skulking around as there was at Chicago. If the Democratic party isn't willing to speak out after the supreme court has withered every argument of the wets, it ought to dissolve."

Assailing the Republican convention for its silence on prohibition, Mr. Bryan said if the Democrats wished to secure support from 25,000,000 women voters they must declare for continued prohibition. Any break in the prohibition wall he said, would result eventually in re-establishment of saloons, gambling halls and dance.

Individual candidates were not discussed in his address.

Other platform planks, Mr. Bryan said he would urge related to labor and profiteering. He advocated for compulsory investigation of all industrial disputes to avert strikes and protect the public.

"I want a labor plank," he said, "that puts the employees and employer on exactly the same footing."

Mr. Bryan said a waiting period during investigation of industrial disputes before strikes or lockouts occur, would protect the public, comprising the larger majority of those interested.

A plank denouncing profiteers and profiteering also was urged. Jail terms for profiteers were advocated.

On the league of nations and the treaty of Versailles he deplored their injection into a partisan plank.

He urged a declaration for disarmament with an agreement for world peace made by "mutual consent" between the nations.

Military force to maintain world peace he declared a futile anomaly.

Senator Harding's approval of the plan to limit all contributions to the Republican national fund to \$1,000 will meet with favor. This course will free the campaign from the charge of control by the moneyed interests, a hue and cry sometimes raised with good reason and sometimes without.

THIS WOULD HELP.

A stove is being offered on the market which the advertisements say generates its own fuel. If only a furnace can be invented which will do as much in its own particular line, the horrors of car shortage, railroad strikes and long winter months will have entirely disappeared.

Motorcycle bandits are becoming more numerous. There is no

denying that the robbery of establishments and of mercantile towns is increasing. This may be partly due to unrest but the main cause can be found in the increased number of automobiles and better road conditions. These things add much to the ease of escape. It is because of these conditions that Illinois bankers are in favor of state constabulary and that the sentiment in favor of such a protective agency is increasing.

COL. ROOSEVELT APPROVES.

There is a good deal in a name, after all. Col. Theodore Roosevelt has called upon Candidate Harding and expressed the view after an interview that all existing factions in the party have good reason to be satisfied with the Harding and Coolidge ticket—that the party gives promise of a forward movement which should be generally satisfying.

Colonel Roosevelt is a fine forceful young man but thus far his greatest possession is his name inheritance.

OPTIMISM IS A GOOD WORD.

The Optimists club held a successful national meeting recently at St. Louis. It is not known just what are the purposes of the Optimists club, but there is something very alluring about the name. There is certainly a large place for an organization that is founded on optimism and that includes men who gather together

for the very purpose of disseminating the optimistic spirit.

The times call for just this spirit and with sufficient quantity of it spread pretty well around, many of the difficulties which wax strenuous from day to day will disappear in quite a surprising way.

THE PUBLIC DULLED TO ALARM.

The news dispatches still mention railroad strike possibilities. But the public has had so many warnings, heard so much talk about traffic tieups that it refuses to be alarmed any more. Then as a matter of fact, a semi-tieup has been in effect for many weeks past, with freight moving with about 25 per cent of normal rapidity.

The promise of a wage award by July 20 no doubt has done away with the traffic tieup talk, for certainly such a strike could not hasten the award and it is to be retroactive anyway until May 1.

THE ONE BIG NEED.

When all is said and done, co-operation is the one thing that is lacking these days. If the movement to bring about co-operation could enlist the support of a continually increasing number of people, all the puzzling questions of today would eventually settle themselves. Co-operation is a big word and it applies to all lines of activity and to all departments of life.

Better co-operation is all that is needed to settle difficulties between the employer and the employed. The producer and the

consumer need more co-operative effort and if there were but more of the co-operative spirit between the manufacturer and his customer, profiteering charges would disappear.

Co-operation means the work together spirit and that's the one big need today. When that lesson is learned, the days of unrest, dissatisfaction and strife will be in the discard.

BRYAN'S GREATEST BATTLE IS ON.

If W. J. Bryan wins at the San Francisco convention he is certainly entitled to the medal for political leadership. Mr. Cummins whom he long since denounced, is still the chairman of the national Democratic committee, Mr. Colby who succeeded him as secretary is chairman of the convention, and these are but two of the strong array of leaders under studies of President Wilson who will be marshaled against the Nebraskan.

Meanwhile it is said that Mr. Bryan "keeps smiling" and while the administration forces believe that they have a wall built which Bryan cannot scale, it is evident that they are still keeping an eye on the Bryan activities. Within a few days it will be shown whether or not Mr. Bryan is to have his "crushing defeat."

Judged by his past even if there is a defeat it will not be of the crushing kind. That word doesn't seem to be in the Peerless One's vocabulary.

THE JACKSONVILLE CHAUTAUQU.

In an advertisement elsewhere

appears an announcement of some of the attractions for the coming chautauqua to be held August 20 to 29, inclusive.

The management is offering far and away the best program it has ever presented. It believes it would be impossible to arrange a better ten day assembly. If those interested will compare the programs of our chautauqua with others, they will see why the Jacksonville chautauqua has earned its well deserved reputation of being one of the very best.

The speakers include numerous head liners, orators and humorists of national reputation, every one of whom will make good in a big way. The music, with eight of the best obtainable organizations, including a thirty piece band, could not be improved upon. Plenty of entertainment is provided. The program is well balanced, varied enough to please everyone, and every number on it is the best of its type available for our platform. There is not a second rate number or filler in on it.

The details of the assembly are well in hand and we may expect the best and most successful assembly the people have ever enjoyed. The Jacksonville chautauqua is one of our most profitable and successful community endeavors. Not only does it provide recreation and entertainment for thousands who otherwise would not have it, or who would go elsewhere and spend their money but from the chautauqua have developed many other important community movements. It is a powerful instrument for community betterment.

The chautauqua management has ever in mind the presentation of the best programs at the lowest cost to patrons. Its directors give their time and energy as a community service, and have always endeavored to book only clean, high toned attractions which will not only delight the audience but at the same time elevate and educate. During the war period it was impossible to secure desired attractions, especially large musical organizations, and the programs have not always been what the management hoped to make them, but the stress of war in the chautauqua field is now over and the program for this year is entirely satisfactory to the directors, who believe it will prove as satisfactory to the audiences.

CHICAGO VS. ILLINOIS.

(St. Louis Globe.)
A very grave question has arisen in the Illinois constitution. This is the necessity of providing now against the future domination of both houses of the Legislature by Chicago. The rapid growth of that city presages that the time is not far ahead, certainly within forty years, when more than half the population of the state will be within the city limits of Chicago and lend its weight to the sinister powers which now, always have and perhaps always will, control the politics of both parties in that city. It is a sad and alarming general condition in the United States, that large population centers easily fall into the hands of selfish politicians and are governed by machines of the spoils type. In such center there always exists the body of ignorant and corruptible voters, who can be used at the polls, and party meetings to do the will of the bosses and perpetuate their control of party machinery, because the far larger number of electors do not participate at the times when such matters are determined. This leads to domination of whole states by such political machines as that under the control of Mayor Thompson. In time such a Chicago political boss would absolutely dictate the acts of the Illinois Legislature by control of more than half its members. This is the menace which the members of the Illinois constitutional convention see to good government in Illinois unless the new constitution makes provision against it by limiting the representation of

Chicago in future legislatures. It must be done now, if at all, while the remainder of the state has the majority power. Any future constitutional convention would under the present system in that state include a still larger proportion of Chicago members. Naturally the politicians of Chicago threaten to defeat the constitution at the polls if any limitation is placed upon Chicago's legislative representation.

Two methods are considered as the means of preventing possession of a majority of members by Chicago. The one now under consideration is a constitutional provision limiting the city's representation in the Senate to one-third its membership, and in the House to one less than a majority. The latter proportion would scarcely be less dangerous to the rest of state than an absolute majority for Chicago. To get one or two outside members to vote with the Chicago representatives would not be a difficult matter. Besides, such a limitation would be unfair and undemocratic as long as the strict population basis of representation is adhered to. The other plan suggested is similar to the one which operates, though without such intent, to restrict the proportional influence of St. Louis in the Missouri Assembly. That is to abandon the district system peculiar to Illinois, and to give each county one representative and additional ones in proportion to population. By making the population unit large this would automatically prevent Chicago from having a majority, no matter how large it might become. It is the representation theory adopted by the constitution of the United States, which gave each state at least one representative. In Illinois, with its 102 counties, it would be permanently protective of the remainder of the state against the political power of the great city and would do no injustice to the city.

Rippling Rhymes

VIEWING WITH ALARM.
I thought, when nations were at bay, that when the war was ended, we'd all get busy baling hay, with diligence quite splendid. I thought we'd lay aside the sword, the shotgun and the sabre, and try to earn our bed and board by sane and useful labor. It never once occurred to me that we would all be dotty, that from the useful tasks we'd flee, for pastimes vain and naughty. And when I saw the country crazed, I ventured to defend it, I said, "By war we have been dazed—a month or two will end it." A month or two then rolled away, and other months soon followed, and still the country was at play, and in its orgies wallowed. The speeding months are making tracks, and into years they're growing, and still we don't get down to tasks, or make a decent showing. One needs a searchlight if he'd find the man who works with ardor, who has declining years in mind, as he digs in the harder. A joyride life the boys would lead, and blow in all their winnings; in vain I rant and preach and plead—the sports must have their innings.

One of the Best Selling Novels of the Year
Charming and more captivating than ever is Anita Stewart in "The Fighting Shepherdess." A story of life and love in the great west where romance and drama are born.
The story of Kate Prentice, scorned with a sexless hatred by men who "win at any price," laid out in the beautiful vistas of the Western sheep and cattle land. Tense, gripping drama, with a wealth of incident and humor.
The greatest woman's book in years. It has thrilled countless thousands with its story of the tireless, remorseless, implacable struggle of Kate Prentice, beautiful daughter of Jezebel, whose mothering is confined to running the bar in her roadhouse. The big, open range, desperate, hard riding, merciless cattlemen who recognize no sex in their efforts to drive Kate and her flocks from their domain. They seek her life, her good name and bar her way to love—but she fights alone, and wins her battle with man's weapons, but not in man's way. The one big treat we have in store for you this season.

Big dance at Nichols park Monday night.

BIG CROWD AT DANCE.
Over 400 people attended the dance at Nichols park Saturday evening. The roads are in excellent condition and 350 automobiles were at the park, many coming from Springfield, Winchester, Murrayville and other cities in this section.

AUTO OVERTURNED.

Friday night a man hailing from Chicago was driving an Overland car east in front of the east entrance to Nichols park when by some means he veered too far to the left and went down into the deep ditch. His car didn't turn turtle but lay practically on its side and it was a hard enough task to get it righted. It seems strange that such an accident should have happened there as the road is wide enough for three cars to pass and repass and the bad places have been repaired. Strange to say, the car was but little injured beyond the top.

A PAINFUL ACCIDENT.

Doris, the little daughter of Mr. and Mrs. A. M. Hoover, residing five miles northwest of the city, was playing in a swing with other children when she fell and broke both bones in her left forearm. Dr. A. E. Obermeyer was summoned and gave needed attention and the child is doing as well as could be expected.

CARD OF THANKS

Verrina Barry of Merritt and Ruth J. Hawks of Winchester are spending the week with their aunt, Miss Hattie Barry.

Mrs. May W. Sargeant Jones, R. R. No. 1, Franklin is at our Saylor hospital. Dr. Wick performed a very serious operation Friday morning. Patient is doing well under the circumstances.

GIFT TO FRANCE

Paris, June 26.—George Edward Kessler of St. Louis has given 250,000 francs to the American Hospital at Neuilly, it was announced today.

DEMOCRATS READY FOR BIG CONVENTION

(Continued From Page One.)
The major concern of those in the movement, he said, is to prevent commitment of the party to unreserved ratification of the present league covenant.

"We discussed several platform planks, principally the treaty and the league," said Senator Walsh. "For the administration treaty plank, it is pretty generally agreed we shall offer several substitutes to the credentials committee. They have not been drafted but our general purpose is to oppose committing the party to unreserved ratification of the present covenant."

If the sub-planks should be rejected, he said, the next move would be for the presentation of the move to the convention itself. Senator Reed refused to discuss the conference.

SUFFRAGISTS PLAN DEMONSTRATIONS

Washington, June 26.—Suffragists plan to make demonstrations at both Marion, Ohio, and Northampton, Mass., when Senator Harding and Governor Coolidge are formerly notified of their selection as the Republican party's standard bearers. Miss Alice Paul, chairman of the national woman's party announced here tonight. She said the form which the demonstrations would take had not yet been determined.

URGES BRYAN TO LET WELL ENOUGH ALONE

Washington, June 26.—William J. Bryan was urged to let well enough alone on the prohibition question in a telegram sent him tonight by Representative Upshaw, Democrat, of Georgia, a former vice-president of the Anti-Saloon League of America.

SEARCH ROCKEFELLER ESTATE FOR PRISONER.

Tarrytown, N. Y., June 26.—The estate of John D. Rockefeller at Pocahontic Hills, was surrounded by armed guards tonight while a posse of State Troopers and attendants from the Westchester county penitentiary with bloodhounds searched the grounds in vain for Frank McCord a prisoner who escaped last night.

SAMIS' CASE TO JURY.

Kansas City, Mo., June 26.—The case of Mr. and Mrs. R. E. Samis, on trial charged with obtaining money under false pretense in connection with what officials charge was a get rich quick scheme involving thousands of dollars, was given to the jury late tonight.

MOTION FOR NEW TRIAL OVERRULED.

St. Louis, Mo., June 26.—Motion for a new trial for Ursula Broderick, 16 years old, under sentence of 10 years in the penitentiary for killing her stepfather, Joseph F. Woodlock, was overruled by Judge Klene in juvenile court here today.

CHICAGO SHORT OF COAL.

Chicago, June 26.—Chicago has enough coal is distributed evenly to last its pumping stations only about three days. P. S. Combs, city engineer, today said. One station supplying 85 square miles, has a seven day fuel supply, the greatest of any, he said. He appealed to the public to cut the consumption of water as low as possible to save coal for the city.

Y. W. C. A. COMMITTEES HELD CONFERENCE

Definite Plans of Procedure Will Be Adopted at Early Date—Membership Drive Planned.

The executive committee of the Young Woman's Christian association of which Mrs. A. B. Applebee is chairman, held a meeting Friday night for further discussion of organization plans. The committee on quarters, of which Mrs. J. W. Hairgrove is the chairman, made a report mentioning several possible locations and the rental costs. After going over the ground with care and considering what is done elsewhere in Y. W. C. A. work, it is the idea of the committee that a budget of \$6,000 a year will be necessary for the satisfactory operation of the work.

Mrs. George T. Douglas is chairman of the membership committee and it is expected that a membership campaign will be developed in the course of a few weeks. There is no membership fee but persons who become associated with the organization will naturally be expected to help along with the raising of the money for the budget expenses.

In the course of this campaign with other publicity work it is the purpose of the executive committee to get an accurate idea of the wishes of the public with reference to an Y. W. C. A. organization, and if that interest is sufficient the work plans of the association.

Mrs. A. L. Adams is chairman of the constitution committee and reported that the constitution has been prepared and is ready for discussion and adoption.

Altho there is not usually much enthusiasm in organization efforts in summer weather, the members of the executive committee have found a good deal of interest in the Y. W. C. A. proposal.

PROPERTY SALES BY MASTER IN CHANCERY.

Master in Chancery Henry W. English at the court house Saturday sold a residence property in Franklin as the result of the court proceeding in the case of Roberts vs. Jones. The purchaser was J. G. Duncan and the price \$1,490.

The master in chancery also sold a 90 acre tract which belonged to the estate of Clarence L. Campbell and to W. H. Campbell. This land is located two miles south of Waverly and the price paid was \$158 an acre.

VISITOR FROM WEST.

Alvin C. DeMay of Boise, Idaho, was a visitor in Jacksonville Saturday. Mrs. DeMay has been in Springfield for the past two months at the home of her sister, Mrs. Tronn. Mr. and Mrs. DeMay have planned to return to the west July 5. They would have gone at an earlier time but they were obliged to wait ten days because of the inability to secure reservations. Mr. DeMay is a prominent business man in Boise.

SERVICES ON GRACE CHURCH LAWN.

Evening services during the summer are to be held on the lawn at Grace M. E. church. This action was decided upon by the official board and the service this evening will be at 7:30 o'clock. The members of the church and congregation cordially invite the public to join with them in the service.

AUTOS COLLIDE IN SOUTH JACKSONVILLE.

Two automobiles had a head-on collision on the Hill in Hardin avenue South Jacksonville Saturday evening. Both cars were damaged, the engine's being smashed and radiators damaged. One of the cars was a Chevrolet and was driven by Mr. Gunn of this city. The other car was a Studebaker but the driver's name was not learned.

Mrs. John Stone of Versailles was among the Jacksonville shoppers yesterday.

U-BOAT PRISONER TELLS EXPERIENCES

Richard Cannon, Officer of Ill-Fated U. S. S. Neptune, Gives Story of Remarkable Adventure and Recovery.

Richard Cannon, chief petty officer of the U. S. S. Neptune, whose dramatic capture at sea by a German U-boat and subsequent experiences aboard the submarine and in a German prison hospital, thrilled the entire country, is still another World war hero to test the remarkable reconstructive powers of Tanlac and give it his strong endorsement. Mr. Cannon's adventures were so harrowing that his constitution was completely shattered, but after months of suffering he has now regained the wonderful health that enabled him to pull through his adventures alive and today the same strapping two hundred pound fighter that embarked on the ill-fated collier. But let him tell his own story: "When the Neptune was torpedoed off the Irish coast," said Mr. Cannon, who now lives at 707 E. LaFayette, Tampa, Fla., "I had my right leg and five ribs broken by the explosion, and when I came to my senses I found myself on board a submarine bound for Germany. I was kept in a German prison hospital for five months, and you can imagine what I must have suffered when I tell you that I fell off in weight from two hundred and twenty-five to a hundred and

forty-one pounds. When I was repatriated and finally got my discharge in February, 1919, I was little better than a living skeleton. I had no appetite and my digestive system was so upset that what little I did eat always gave me severe pains in the pit of my stomach. Before I joined the service I never knew what nerves were, but after what I went through my nerves were so shattered that I couldn't keep still a minute, and the slightest thing upset me. For six months I continued in this condition, unable to pick up strength, and so weak that any attempt at work tired me out completely. I began to think that I should never be a well and strong man again. "But the way Tanlac overcame my troubles and built me up was nothing short of marvelous. It gave me such an appetite that I wanted to eat all the while, and I sure did make up for lost time. I had no more bother with indigestion and from then on I picked up strength and put on weight until now I tip the beam at two hundred and four pounds and am as well and strong as I ever was before I joined the service. My nerves are as steady as a die and I'm like my old self again. Tanlac is certainly a grand medicine and I think every suffering person ought to try it. Tanlac is sold in Jacksonville by Coover & Shreve, and by the leading drug store in every town. —Adv.

Day At River
A number of Morgan county residents journeyed to Illinois river one day recently for an all day's outing. They crossed the river at Florence and met another crowd, consisting mainly of Pike county residents, and all proceeded together to an ideal picnic spot. At noon a sumptuous dinner was served, the menu including fried fish and other good things in great abundance.

The Morgan county picnicers included Mr. and Mrs. Ernest Dewese and three daughters, Mr. and Mrs. Irvin Patterson and son, Mr. and Mrs. Walter Patterson, Mr. and Mrs. James Crum and children, Mrs. Mary Patterson and daughter, Martha and Ray Patterson, Mr. and Mrs.

Charles Middleton and daughters, Mr. and Mrs. W. A. Davidson and two sons.

The Pike county crowd was made up of C. E. Bolin and daughter, Mrs. Hoover, Mrs. C. E. Bolin, Jr., and son, Edward; Cora Kelly, Rev. Mr. Bass and wife and son, Harold; Mr. and Mrs. Reuben Sanderson and two sons, Miss Ethel French, all of Milton; Mrs. Edith Beadles and two children of North Dakota, Mr. and Mrs. H. D. Smith of Iowa, David Ellis and three daughters, all from Pittsfield; Samuel Wilson of Florence.

Miss Florence Rice Announces Engagement
The engagement of Miss Florence Rice, of 861 West College avenue, was made known yesterday at an afternoon luncheon given in honor of Mrs. Floyd Cross of Fort Collins, Colo., at the Rice home.

About twenty-five intimate friends were present at the Rice home, where they enjoyed a musical program given by Mrs. Carl Robinson and Miss Gertrude Kumble.

Following the program the guests were invited into the dining room, which was prettily decorated in pink and white, cut glass baskets of pink roses tied with pink tulle being used with telling effect.

The favors were Russel roses, which had tiny hearts attached bearing the initials, "F. R." and "H. G.," announcing the engagement of Miss Rice to Mr. Harry Gillham of Indianapolis, Ind. Miss Rice is a daughter of Mr. and Mrs. A. C. Rice and has been prominent socially and identified with various civic efforts. She is a graduate of Illinois college.

Mr. Gillham is the son of Mr. and Mrs. James C. Gillham of 739 West State street, and holds a responsible position with the Thomas E. Wilson & Company of Chicago, with headquarters in Indianapolis.

The date of the marriage has

not been announced.

Along the out of town guests present were: Mrs. Floyd Cross, Fort Collins, Colo.; Mrs. W. P. Rice, Jerome, Idaho; Mrs. Paul Markille, Winchester; Mrs. George Van Velzer, Mason City; and Mrs. Fred Craven, Chapin.

VETERAN PHYSICIAN TO CELEBRATE BIRTHDAY
Dr. G. W. Bradley of Waverly, 82 Years Old Today—Event Will Be Celebrated With Family Dinner at Waverly Home.

Today marks the eighty-second birthday of Dr. G. W. Bradley of Waverly, one of the oldest men in the medical profession in the county. The event will be celebrated with a dinner at his home, at which his children and their families will be present.

Those who will attend from Jacksonville are, Dr. George Bradley and family, Mrs. Harriet Melton and Miss Georgia Melton.

The doctor is now confined to his bed, an invalid, as long as he was in good health he was one of the leaders in his community, having served on the school board for twelve years.

He came to Waverly in 1867 and practiced his profession there until about five years ago, when he was compelled by failing health to give up his practice after a period of fifty years in active work.

HON. MONROE TROTTER TO MAKE ADDRESS TUESDAY
Hon. Monroe Trotter of Boston, Mass., will arrive in Jacksonville and deliver a special address at the court house or some other suitable place Tuesday evening at 8 o'clock.

A committee composed of some of the leading colored citizens has been named to meet Mr. Trotter and this delegation will welcome them into the city. The following compose the committee: Dr. A. H. Kennebrew, Dr. Crockett, Rev. H. H. Dewitt, Rev. J. H. Fisher, Rev. J. W. Muse and Messrs. H. Underwood, Eugene Hayden, Edward Harmon, David Short, Charles Sharp, James Nesbit, Samuel Harris, Mesdames Mallory, Sharp, Freeman, Misses Quinn, Ellen V. Coen, Laura Lafayette.

The above named committee will meet the train and welcome the delegation and further arrange the entertainment of the guests.

It will be remembered that the Hon. Monroe Trotter is one of the greatest orators before the public today. He was invited to address the World Peace conference in Versailles, France. Altho refused passports, he worked his way on one of the ships and filled his appointment.

All citizens, white and colored, should hear this address by this prominent citizen.

Real comfort can be enjoyed by the men who buy the conforming Straw hats sold by FRANK BYRNS Hat Store.

Mt. Emory Baptist Church—The services will be as usual today.

Tuesday evening at 8 o'clock Hon. Monroe Trotter and a delegation of the most prominent "Negro" speakers in America will be at Mt. Emory Baptist church. Mr. Trotter will deliver a special address. It will be remembered that Mr. Trotter was the only American negro who was able to be present in Versailles, France, when the proposed peace treaty was being formed.

Come out Tuesday night and let him tell you the truth of the negro's part in the recent world's war and the peace treaty. There will be no charges at the door.

Thursday evening the Missionary society will have a beautiful drill and entertainment.

The admission fees will be ten (10) cents; the postor is very anxious that the public will come out in full to the great affairs.

Straw Hat season is here and a good assortment of high grade hats are shown by FRANK BYRNS Hat Store.

WILL DISTRIBUTE VICTORY BUTTONS

Rules Which Must be Followed to
Secure Them—Battle Clasps
for Major Engagements.

The Victory Medal, for service in the allied armies during the recent war is ready for distribution according to announcement made by Major E. W. Tanner, who is in command of the Ptoia recruiting district.

The war department has the following to say regarding the medal:

During the spring of 1918, while hostilities were still at their height, the different allied and associated nations agreed to adopt a medal which would be the same to all to commemorate the great

war. The plan has two advantages. In the first place, it is symbolic of the union and solidarity of purpose which dominated the countries fighting against Germany and her allies; secondly, it obviates the necessity of following the practice of exchanging service medals.

Specification.

Specifications of the medal are to be bronze, 1.4 inches in diameter, and suspended from the ribbon by a ring, the same as most of our medals. On the obverse a winged Victory, standing full length and full face. On the reverse the inscription: "The Great War for Civilization," in the language of the countries concerned, and either the names or the arms of the allied and associated nations.

Distribution of the Victory Medal, as provided for in War Department General Orders, No. 83, 1919, will commence at once. The Victory Medal will be awarded to persons who served on active duty in the Army of the United States between the dates of April 6, 1917 and Nov. 11, 1918.

Persons not in the service, ex-nurses and field clerks excepted, will write to the Army Recruiting Station, Springfield, Ill., for instructions and necessary forms to secure the medal. Ex-nurses and field clerks will write direct to the Surgeon General and the Adjutant General of the Army, Washington, D. C., respectively.

The Victory Medal will carry a battle clasp for each major operation, and for the occupation of a defensive sector. Clasps will also be awarded for service in France, Italy, Siberia, Russia and England.

The Victory Medal will be awarded to every officer, enlisted man, contract surgeon, nurse or field clerk who served in the Army between the dates of April 6, 1917 and November 11, 1918, and when claim is properly supported, battle clasps will be awarded.

Applications.

Applicants writing to the Army Recruiting Officer, asking for instructions should state the applicants status at time of discharge—namely, whether officer, enlisted man, field clerk, etc.

As it is necessary for all applicants, except nurses, to submit either original discharge or copy thereof, persons making application by mail should ask for proper form to make out certified copy. This copy of discharge is made on Form No. 740-c, A. G. O., for ex-enlisted men and Form No. 740-d, A. G. O., for ex-officers.

The next of kin of a person who was eligible for the Victory Medal will make application to the Army Recruiting Officer. By next of kin is meant the following, in order named: Wife, eldest son, eldest daughter, father, mother, eldest brother and eldest sister.

Increased personnel has reported at the Springfield recruiting station for the purpose of handling the immense number of applications for Victory Medal.

All letters pertaining to the above sent to the Army Recruiting Officer should be marked plainly "Victory Medal."

Battle Clasps.

Battle clasps will be awarded for each of the major operations and for the occupation of a defensive sector. Only one defensive sector clasp will be awarded to any one individual. To be eligible for a battle clasp the officer or enlisted man must have been actually present, under competent orders, in the sector of the army, corps, division, or smaller independent organization during the period in which the organization was engaged. The officer or enlisted man may have belonged to the organization in question, been attached to it, or have served with it in some independent capacity. The authorized presence of the person in the locality at the time of operation will be the determining factor in the award of the clasp. Each officer or enlisted man serving in the First Army area between August 30 and November 11, 1918, or in the Second Army area between October 12 and November 11, 1918, will be entitled to the defensive sector clasp, irrespective of awards for major operations. Each officer or enlisted man serving in the area of corps, divisions, or smaller independent organizations under French, British, Belgian, or Italian commands, between April 6, 1917, and November 11, 1918, will be entitled to the defensive sector clasp, irrespective of awards for major operations. Each officer or enlisted man present in an engagement in European Russia since August 1, 1918, or in Siberia since August 15, 1918, will be entitled to a defensive sector clasp.

Major Operations.

The following operations are announced as major operations:

- a. Cambria. Between 12th of May and 4th of December, 1917.
- b. Somme, defensive. Between 21st of March and 6th of April, 1918.
- c. Lys. Between 9th of April and 27th of April, 1918.
- d. Aisne. On the Chemin des Dames and northeast of Rheims between 27th of May and 5th of June, 1918.
- e. Montdidier-Noyon. Between 9th of June and 13th of July, 1918.

Farm Bureau Notes

Pig Club—We expect to distribute the pigs from the vacant lot south of the post office on the afternoon of July 1, without something turns up that we do not foresee at this time. The county agent has seen many of the pigs that will be furnished by the breeders, and the boys and girls are fortunate to get them at the figures, quoted in the rules. In fact those breeders would not furnish pigs at these prices for any other purpose. It is impossible to call upon every boy and girl in the county that is eligible to this work, but we really want them to enroll and be on hand at the drawing on July 1. We have a supply of enrollment blanks at the office and have furnished a supply to interested parties in the various townships.

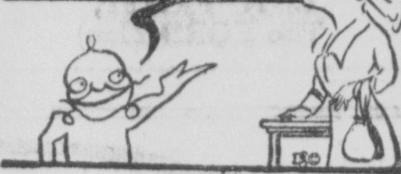

Financing Wool Pool—The American Farm Bureau federation has arranged with the federal reserve banks to finance wool growers who wish to hold their wool. The lack of a wool market caused by money stringency and poor transportation, has forced the price below the cost of production. The principle of pooling so as to store and grade the wool in market grades and sell as the mills are ready to buy is in greater favor than ever before. Farmers in Iowa and Michigan are each pooling 2,000,000 pounds. The Illinois pool will amount to 7,500,000 pounds. The Morgan county contribution will be shipped July 2.

The Livestock Survey—Walker G. Kaysinger and Lester L. Cavill of the I. A. A. conferred with the county agent Thursday with reference to putting on a livestock survey in this county. Organized counties in the corn belt are taking such surveys with a view to finding out how the supply of stock compares with the demand. Evidently there is a move on to curtail production to a point where the finished product may be sold profitably. It may be to produce farm products including livestock under contract if the plan included in this survey are carried out.

East St. Louis as a Livestock Market—East St. Louis as a livestock market is losing ground with many Morgan county shippers. The complaint is that the market is so easily glutted by the arrival of only a few cars unexpectedly occasionally stock has been shipped to East St. Louis and then re-shipped to Chicago rather than take the price offered at East St. Louis. Stories are told of efforts being made by Chicago buyers to find out what was offered for the shipment at East St. Louis. Our shippers have certainly been bucking unsuccessfully an organized business that knows how to play the game.

SEE THIS PLOW BEFORE YOU BUY

Co-operation means making the best of what you have by properly using the same. You will soon have your wheat and oats in the bin. Then is the time to keep the ball rolling and have your stubble plowed. Ground plowed early, even when hard and dry, will pay you big whether you intend to resow wheat or plant corn next year, as it retains the fertility of the soil. To plow at once you need a tractor. For the real practical farmer we have the machine, a Tractor to fit any sized farm, and a plow that does the work right.

Remember our motto—MORE VALUE FOR LESS MONEY. We set the pace. Our service makes us friends. We are ready to take care of your wants any old time.

MANCHESTER R. N. A. HEL DANNIAL PICNIC

Members of Royal Neighbors Organization and Invited Guests Held Picnic at Langdon Home—Cooksey Sale Held Saturday—Other News.

Manchester, June 26.—Members of the Royal Neighbor lodge, with their invited guests, observed their twenty-first anniversary Friday by a picnic at the home of Mrs. J. H. Langdon. A sumptuous picnic dinner was served on the lawn to about seventy-five members and guests. The afternoon was pleasantly spent socially. Music and games were enjoyed and refreshments of ice cream and cake were served. The occasion was thoroughly enjoyed by all present.

Miss Ethel Clark is at the country home of her parents, Mr. and Mrs. William Clark, for the summer, after completing her duties as teacher in the schools at Highland Park.

Miss Florence Lemon is visiting in White Hall, the guest of Miss Bonnie Smith.

A son, first child, was born. The personal property of the

late James Cooksey was sold at public sale last Saturday. The sale was well attended and good prices prevailed. Receipts totaled approximately \$1,000.

to Mr. and Mrs. Earl Blackburn Thursday.

Mrs. Lois Kilgus of Davenport, Ia., is visiting her father, E. L. Maine.

William and Freeman Grant of Perry were visitors here Friday.

Miss Lennie Chapman went to Jerseyville Saturday to visit her brother, W. J. Chapman and family.

Mrs. William Sergeant of St. Louis is visiting at the country home of Mr. and Mrs. Howard McCracken.

Duroc Jersey breeders visited adjoining counties Friday. They visited by auto to Modesto and visited the herds of Louis Rink and C. C. Cook, from there to Sangamon county and visited the farms of W. H. Van Meter and son, A. D. Van Meter, C. C. Van Meter and A. E. Hughes. At W. H. Van Meter and son's they saw the Duroc boar, Imperial Orion, for which Mr. Van Meter was offered and refused \$25,000. Those making the trip were, L. E. C. N. Kennett, Howard Stephenson, R. Y. Gibson and Wilbur Williams.

POULTRY ASSOCIATION TO MEET MONDAY NIGHT

Meeting Will Be Held at Home of F. L. Ledford—Officers Are to Be Elected.

A meeting of the Morgan Poultry association will be held on the lawn at the residence of F. L. Ledford, 635 East State street Monday evening at 7:30 o'clock.

All persons interested in good poultry, whether members or not, are invited to be present and join the association. Officers will be elected at this time.

In former years the Morgan County Poultry association boasted of a large membership. In recent years, while the number of men and women engaged in the breeding of pure-bred poultry has increased, interest in the association has waned.

However, some of the faithful have kept the association going and now a determined effort is to be made to increase the membership. There is no reason why this county should not have several hundred members in its association, as the cost is small

and if one attends the meetings the benefits are large.

It is the hope of those interested to not only increase the membership but to hold an exhibit and offer prizes that will bring breeders here from the entire middle west. They used to have such shows and it is believed they can be promoted again.

Don't forget the time, tomorrow evening, and the place, F. L. Ledford's lawn. Refreshments will be served following the meeting.

CHURCH NOTICE

Westminster Presbyterian church. The Rev. Thomas W. Smith, D. D., of East Orange, N. J., will preach at 10:45 a. m. Sunday. Subject, "The Faith of Robert Louis Stevenson." Sunday school at 9:30 a. m. W. J. Brady, superintendent. Classes for all. Prayer meeting Wednesday evening at 7:30 o'clock.

Mrs. Ida Cox and daughter, Mrs. Vera Allen and son of Illinois and Mr. and Mrs. Edward L. Alexander and son, Valden, of Beardstown, were guests of Mr. and Mrs. W. F. Timmerman, 869 North Main street, the past week.

MARRIED IN SPRINGFIELD

The marriage ceremony of Miss Frances Ensley and Mr. Francis Smith, both of Springfield, was solemnized Saturday night at the Illinois Country club at Springfield. The ceremony was said by Rev. E. J. Rogers, pastor of the Central Baptist church.

The bride is a daughter of Mr. and Mrs. H. E. Ensley, who formerly lived in Waverly. The maid of honor was Miss Irene Ensley and the matron of honor Mrs. Arthur Lloyd. Others in the wedding party were Misses Mildred Asher, Cornelia Warren, Edith Ferns, Malinda Jones of Springfield, Miss Marian Fisk, Aurora and Miss Ruth Dunseth, Waverly.

Harry B. Smith was the best man and the ushers were Messrs. John Lynd, Eugene Day, Ansley Reese, Langston Robinson and Arthur Lloyd.

REPORT TO THE COUNTY BOARD FILED

Charles W. Boston, circuit clerk, yesterday filed with the county board his semi-annual report as circuit clerk and recorder of Morgan county. The report shows total receipts for the period of \$4,017.55, with disbursements of \$2,567. This

means that the net earnings of the office for the period are \$1,450.55. The report shows that this sum has been paid over to County Treasurer Graff. The report represents the largest net earnings the office has made for at least twenty years. In some six months' period there has been a deficit.

The fees for filing and recording were increased some time ago by law and in the past six months there has been a great deal of activity in the clerk's office. The increase in amount of business done has brought about the larger financial showing.

SPECIAL MUSIC AT CONGREGATIONAL CHURCH

A special musical program will be given at the Congregational church this morning. Mrs. Helen Brown Read and Mr. James Collins, father of Rev. W. E. Collins, will sing a duet, "Love Divine." Mr. Collins will also sing a number from the Oratorio, "Eljah." "If With All Your Hearts." A choir director for over nineteen years in the Welsh city which is his home, Mr. Collins is a musician of some merit. His voice is a tenor of rare quality and local people will be glad to hear him sing.

CAPT. BATTERSHELL WRITES FROM TURKEY

It will be remembered that Capt. Battershell of Milton, Pike county, who was at one time a student at Illinois college, wrote very interesting letters home during the war time. Captain Battershell is now located in Turkey, where he is in the employ of the New York and Constantinople Importing and Exporting company.

In a recent letter Captain Battershell wrote that there are about 50 deaths a day in Iatum, the town in which he is located, the disease existing because of the continued presence of lice. The sanitary conditions there are, of course, exceedingly bad.

Take It For What It's Worth

St. Louis, Mo., June 18.—Here's a tip. Buy your fall shoes now. You'll get 'em cheaper if you do.

This is hot from shoe manufacturers in this, the world's greatest shoe market.

Prices are lower now than they have been for many months because of a failure on the part of retail shoe dealers to buy. But in a month or two, or three, dealers will begin to enter the market again. They will begin to want shoes all at once and then up will go the prices again.

Retailers are not buying now because they can't get the money from the banks to buy with. Banks have stopped loans for speculative purposes. Instead of buying they are liquidating—selling their stock at less than they would have to pay to replace it at present prices.

"Just one thing is causing the present low price of shoes, lack of money," said George A. Bull, vice president of the Brown Shoe company, which is shipping out daily approximately 200,000 pairs of shoes.

"The banks' new policy of refusing money for speculation is good, sound business and it will eventually prove beneficial, although now it is causing all of us to be cautious. We were all gambling. Now we find that we can't."

"The resulting lack of ready money caused the retailer to start liquidating, the jobber followed suit and we fell in line. We are selling made up stock at lower prices than we are quoting futures, although recently we announced a general decrease in prices."

LOAMI MAN DIES
SUDDENLY AT WAVERLY

William H. H. Harris Expires While Sitting in Automobile—Heart Trouble Cause of Death, Jury Decides.

Waverly, June 26.—William H. Harris of Loami expired suddenly in his automobile in front of the City hotel here about noon today.

Deceased had driven to Waverly with butter and other supplies for the City hotel. He had two little girls with him and on his arrival did some repair work on his car.

He talked with Mr. Curtiss, proprietor of the hotel and said he was not feeling well and believed he would get in the car and rest. Mr. Curtiss went about his preparations for dinner.

About 1 o'clock a member of the band playing at the chalet called Mr. Curtiss' attention to Harris and said he believed something was wrong. Mr. Curtiss made an examination and found that life apparently was extinct. Dr. Paul Allyn was called and upon his arrival made an examination and pronounced Harris dead. Dr. Allyn said heart trouble was the cause of death.

Coroner Rose of Jacksonville notified and came here this afternoon and held an inquest. The jury was composed of C. C. Courtney, foreman; V. G. Keplinger, H. E. Jolly, Elmer Meacham, W. E. Miller and W. A. Taylor, clerk. The testimony of Dr. Paul Allyn, Cyrus Curtiss and J. C. Magan was taken. After hearing the evidence the jury returned a verdict that death was caused by heart trouble.

Mr. Harris was 79 years old and was a resident of Loami. He had made many trips to Waverly and was well known to many residents here.

Expects to Journey Thru England, Belgium and France—Will Visit Dr. and Mrs. Julian Wadsworth in France.

Miss Rose Ranson, 1507 Mound avenue, will leave today for a trip thru England, Belgium and France. She goes to Montreal via Chicago, where she will join a party of twenty-five Galesburg Chicago folks.

They will land in Liverpool and spend several days in England and then cross to Belgium and visit Brussels and other Belgian cities and battlefields of the late war. From there they will go down into France and make the round of the battle fields where the Americans were in line.

Dr. Julian Wadsworth and wife, of Jacksonville, are now stationed at Chateau Thierry, where the doctor has charge of reconstruction work of the Methodist church and Miss Ranson expects to visit them there.

The party will be in Paris during the month of August, and if conditions will permit Miss Ranson will stay there and study in the University of Paris. She has already graduated from the Illinois Woman's College, and has taken further work in the Illinois College and the University of Chicago. During the past year Miss Ranson has been teaching French in the Monmouth High School.

ERNEST LABOYTEAUX
WEDS MISS EWALD

Ceremony Was Said at Bride's Home in Wellesville, Kansas, June 14—Bride Former Student at Women's College.

Announcement was made yesterday of the marriage of Ernest G. LaBoyteaux, son of Mr. and Mrs. Edward LaBoyteaux of this city, to Miss Naomi Ewald of Wellesville, Kans.

The announcement will come as a great surprise to the many friends of Mr. LaBoyteaux. The ceremony was said June 14, while he was visiting in Wellesville. He returned to this city and his parents were not aware of the marriage until a few days ago.

The bride is the youngest daughter of Dr. Emille D. K. Ewald. She graduated from the high school in Chicago and later was a student at Illinois Women's College. She is a talented pianist.

The groom is the only son of Mr. and Mrs. Edward LaBoyteaux. He was born and reared here and attended the public schools and the high school. During the world war he was in service and was located at general hospital No. 9, Lakewood, N. J.

Since his discharge he has been manager of "Labby's" Jazz band. He is at present engaged in the study of telegraphy and expects to devote himself to that business.

For the present they will make their home at 349 East State street this city. Both are popular young people and will have many friends who will unite in wishing them a long and happy married life.

WHITE HALL PEOPLE TO MAKE TOUR OF EUROPE

H. N. Griswold and Sister to Leave for European Tour in Near Future—White Hall Couple Married At Carrollton—Other News.

White Hall, June 25.—George Williams and Miss Beryl Whorren motored to Carrollton Thursday afternoon and were married at 2 o'clock in the court house. Mr. Williams and a brother have the management of the McLaren garage, and he has won esteem during his residence here. His bride is a daughter of Mr. and Mrs. Joe Whorren, and is one of the attractive young White Hall maidens. They will reside here.

N. M. Griswold and sister, Miss Jessie Griswold, will leave next week on a tour of the battlefields and other points of interest in Europe. The trip will occupy about two and one-half months, and will embrace Paris, the French islands, Italy and the battlefields of the northern section of that country, Venice, Switzerland, Metz, Luxembourg, Belgium, Holland and England. The trip, while containing many more points of interest, does not measure to the mileage of their South American voyage in 1915, when they returned under conditions of war that caused a great deal of concern. That trip embraced 18,000 miles, occupying four months, and eighteen days were spent on water at one time from Rio de Janeiro.

Mrs. E. C. Pearce and two sons will leave next Thursday for Washington, D. C., where Mr. Pearce is connected with the income tax division of the treasury department as an accountant. They expect to be gone about two months.

C. E. Dice has moved his well drilling outfit to Bowling Green, Ky., and he and Jule Hubbard will go there in a couple of weeks to bore for oil. He has sunk some exceedingly deep wells in this section during the year that he has been operating here, averaging from 150 to 200 feet, except that on the McEvers place, above Hillview, a depth of 300 feet was made. Six wells were sunk for A. L. McClay, two for George North, two for A. J. Barnett, and one each for the White Hall chautauqua, Howard Strang, L. C. Vinard, Lee Griswold and others. In the vicinity of Eldon, Jersey county, the average of a number of wells sunk was 300 feet and over. At one place there was a little indication of oil, but the lead was not followed. This was the only indication of oil in the sections bored, but none of the wells were deep enough to make a test in this respect. Mr. Dice goes to Kentucky with the express purpose of drilling for oil.

Mr. and Mrs. W. D. Webster will spend their fiftieth wedding anniversary, July Fourth, in a quiet manner, with their daughter, Mrs. H. C. Cox, at Wyoming, Ill. Mr. and Mrs. Webster were married when barely of age, and this accounts for the general surprise at the announcement of their fiftieth anniversary. They were married at Omaha, residing there eight years, and then were located at Minneapolis for a long period of years, where they were convenient to Mr. Webster's territory as a commercial man. They came to White Hall in August, 1910, after residing a year in St. Louis, and have made a success of the life there. Their business here, associated with their son, Ralph, Mrs. Minnie Pierce left Thursday for Hammond, Ind., to spend a time with her son, Ralph, and family before proceeding to Los Angeles to make an extended stay with her son, Shirley, and wife.

Rev. Samuel Graves, pastor of the Borden circuit of the M. E. church, has taken rooms with Mrs. D. Culbertson for the summer, he being a student of Illinois college at Jacksonville, and will direct his pastoral work from White Hall.

Mrs. C. A. Crane of Boston is spending the week at the home of Wm. Stephenson and receiving numerous old friends of the Crane family, makes her visit one of exceeding pleasure. Russel Ash arrived home last week after serving an enlistment of four years in the regular army, following his graduation from the White Hall high school, and the greater part of the time has been spent in China with the United States military police. He also spent a short time in the Philippines and in Korea. He has returned to civil life to remain in the M. E. church last Sunday night that attracted a great deal of deserved interest.

The tent meetings are progressing with increasing audiences in the court east of the residence of I. D. Vedder, opposite the M. E. church. The meetings are in charge of Evangelists J. D. Reavis and H. O. Butler of Springfield, representing the Seventh Day Adventists. The meetings will continue indefinitely.

Rev. Leo Howard is assisting in tent meetings at Roodhouse this week and is endeavoring to have the services transferred from Roodhouse to White Hall, having secured a location on Whiteside Park for the purpose, but the demands for it in advance of the application of the White Hall Methodist church renders it doubtful that the tent will be brought to White Hall at this time.

THIRD DIVISION WILL MEET IN FINAL REUNION

Marine Day, July 15th, the anniversary of the second battle of the Marne, will mark the opening of the first annual convention of the Society of the Third Division (Regulars) at Chicago, Illinois. July 15th, is designated as Marine Day, the day on which the Third Division stopped the onrush of the Hun in the vicinity of Chateau Thierry and helped materially to make the second battle of the Marne the Gettysburg of the World War.

This day commemorates one of the brightest pages in the history of the American Army, in which the 3rd Division, the Marine Division, secured immortal fame and made good the statement of its Commander, Major General Joseph T. Dickman, who when asked by the commander of the French Corps, if he thought his troops would stand, replied: "Nous resterons la, (We will remain there)."

The Society of the Third Division was organized while the Marines were guarding the Rhine and has nearly 35,000 members scattered in all parts of the United States. Branch societies have been organized in many of the larger cities. National headquarters are located in the Board of Commerce Building, Little Rock, Arkansas.

Plans for the reception and entertainment of the thousands of overseas veterans of the Third Division are being rushed to completion. The Division Society is anxious to hear from all Third Division men who are not yet enrolled as members.

Public Health Department

The most valuable inheritance or gift of parents to the child is a Healthy Body nourished by pure BLOOD.

Health is the only kind of wealth that gives the greatest happiness and enjoyment to the individual, that is, it enables one to appreciate good food, recreation, Divine services and an even temper, with a heart full of sympathy and love for his fellow man. (The Divine elements of this life.)

There is only one way to keep this earthly temple in good condition, capable of greatest efficiency, and that is by keeping it in good Repair.

Every six months at least, the body should undergo a most thorough examination by a physician—all weak parts noted and weakness strengthened, constipation corrected, and foreign bodies—tumors, warts, lumps, fissures, piles, ulcers and the like removed by a surgeon. All impending dangers as determined by the Blood Pressure diagram forestalled. Unhealthy habits cancelled.

This is worth your while. Last year nearly 100,000 people died in this country from cancer alone—half or 50,000 should be living today. Nearly 300,000 died from Tuberculosis—one-third or 100,000 should be living. More than 500,000 died

from ailments that could have been either prevented altogether or materially reduced. All because too little attention is paid to keeping the BODY in good condition. Keeping Well.

You willingly pay \$25 to \$100 a year to keep your automobile in repair, but not willing to pay \$10 to \$25 to keep the body in repair. It can't be that you care less for the body.

When severe pains strike you, or when a worn out heart or clogged liver, or exhausted nervous system gives away—then how we wish for "spit milk" that we could live all over again.

This is the time of year to take a personal inventory and stock up with advice and directions from the medical supply department. The safest investment with largest returns known to man.

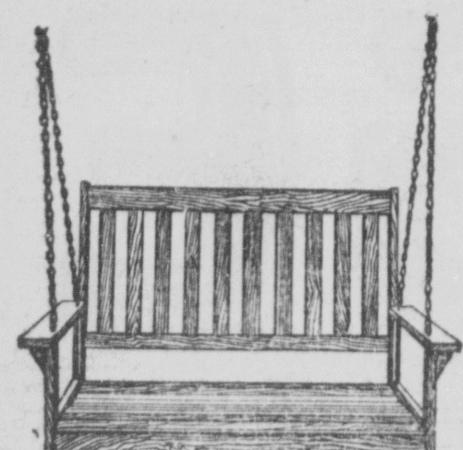

Plan that vacation—no matter how short, and get in shape for the coming season. Don't put off that examination. All machinery needs overhauling—more especially YOURS.

DELAYS ARE TOO DANGEROUS TO CULTIVATE. SAFETY FIRST, ALWAYS.

HOW THE CHALMERS HOT SPOT AND RAM'S HORN HAVE INFLUENCED A NATION

SO definite has been the public's acceptance of Hot Spot and Ram's horn and so highly efficient has the Chalmers become as a result of their use that these two devices now influence a nation.

1—They have made buyers of cars insist on an engine that would get out the power that nature stored away in gasoline.

2—They have caused a decided demand for less vibration in a car with the attendant results of longer life and more comfort.

3—They have caused an insistence for the elimination of frequent spark plug fouling, burned bearings, scored cylinders—eliminations which

lower the cost of maintenance. 4—They have caused an emphatic demand for cool running on a hot day and quick starting on a cold day.

In other words, the acceptance by the public of Hot Spot and Ram's horn have recast standards of judging motor cars and this influence now is felt wherever cars are built.

For Hot Spot and Ram's horn accomplish much by transforming raw, heavy fuel into fine, smooth power and providing new virtues that buyers now seek in a motor car.

Hence the growth in public belief that Chalmers is one of the few great cars of the world.

Church Services Today

State Street Presbyterian church—Rev. W. H. Marbach, minister. T. M. Tomlinson, Sunday school superintendent. Mrs. Barr Brown, choir director. "Yes I know all the excuses," said Roosevelt. "I know that one can worship the Creator in a grove of trees, or by a running brook, or in a man's house just as well as in church. But I know as a matter of fact that the average man does not thus worship." The mere fact that it is June 27 may be an excuse for not worshipping God but this church will be open to give you a chance to pray and praise. The pastor will preach morning and evening. If possible the evening service will be held on the church lawn. Sunday school at 9:30. Young People's society at 6:30. Welcome. Bring your friend.

The Congregational church of Jacksonville—W. Ernest Collins, minister. The second religious education meets at 9:30. At 10:45 morning worship subject of sermon "Golden Yesterday," special music by Mrs. Helen Brown and James Collins. "Love and Divine," solo "If With all Your Heart." Children's sermonette, "Explosions." No evening service. Stand with the church for the best things.

After Shaving

—may be you "dinged" yourself with your razor. Anyway your skin is tender. There is a tendency to eruptions—pimples, sores. What it needs is Remmo Sterilized Toilet Soap.

This is why. Remmo Sterilized Toilet Soap is positively pure soap. It is made of finest and purest ingredients. Then—to keep it pure—to insure purity it is Sterilized at 198° Fahrenheit.

Remmo cleanses perfectly. Rich creamy, soothing, rather penetrates down into pores of the skin—into cuts, dissolves and dislodges accumulations that cause so many skin disorders and distress. A pure, healing soap that removes impurities and germ life. Leaves skin soft, pliable—looking and feeling its finest.

Try it next time you shave. You must use Toilet Soap. Why not use the most beneficial. It costs no more.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

AMERICAN business has been motorized. For both short and long hauls, the gasoline truck has proven itself a thoroughly efficient form of transportation.

And no intelligent field executive would dream of tackling his job without the proper equipment—a dependable touring car or roadster.

It would amaze you to know

how many lawyers, doctors, architects, contractors and specialty salesmen have adopted the Paige. These men have bought their cars for active service and they have been influenced in their selection by practical considerations only.

They deliberately sought out the car that would offer the greatest dollar-for-dollar value—and they found it in the PAIGE.

MANY MINERS QUIT WORK
Birmingham, Ala., June 25.—Frank V. Evans, statistician of the Alabama Coal Operators' Association, declared today that approximately 3,000 miners in the Alabama bituminous field were on strike and that fifteen mines were idle. Car shortage he asserted is contributing to a fuel scarcity throughout the state.

Dubuque, Ia., June 25.—H. H. Wade, 45 years old of Oelwein, Iowa, fireman on a Great Western freight train, was knocked from the engine cab and fell into a creek near Menominee, Illinois, at 10 o'clock last night. Up until an early hour this morning his body had not been recovered.

ANTI HORSE THIEF MEN PLAN FOR CONVENTIONS

Committees for State and National Conventions are Named
—Local Order One of Largest in State—Banquet Will Feature Gathering.

Members of Anti-Horse Thief association, No. 138, held their regular monthly meeting at the court house Saturday afternoon with a large attendance of members. Six members were initiated into the order and one application was received.

Those initiated yesterday were Guy Coultas, John G. Heaton, Homer Rowland, Hugh Vorhees, George Laurie and Gus LaKamp. Charles S. Black, chairman of the general committee on convention arrangements made a partial report on what had been done. Mr. Black reported that the following committees had been appointed:

Entertainment—John K. Long, chairman; John W. Clary, Clyde Black, T. M. Tomlinson, John Cain, Jr., and Grant Graff.

Reception—V. R. Riley, chairman; W. Patterson, John Lazenby, F. J. Blackburn, C. W. Cully, John Moss, Stansfield Baldwin, Frank Wigginst and James H. Martin.

Finance—William Batz, chairman; A. E. Williamson, Charles Gibbs, N. T. Fox and Joshua Vasconcellos.

The general or executive committee is composed of Charles S. Black, Perry J. White, John K. Long and A. C. Reid.

The national meeting of the Anti-Horse Thief association will be held in October, the date to be set during the next few weeks. It will be followed by the state convention.

It is expected that several hundred members of the organization will attend the conventions, as Illinois is one of the strongest states in point of membership in the organization. Jacksonville order has nearly 600 members and will be entitled to 25 delegates at the state meeting.

It is the intention of the local order to make elaborate preparations for the meetings. It intended to furnish plenty of entertainment for the visitors. The main feature of the convention will be a banquet which will be

held on the night of the national convention. All delegates to the national convention will be guests of the local order at the banquet. Plans are under way to solicit the merchants to assist the local order in the matter of decorations. The order wishes to have all places of business decorated during the two days of the convention.

SPRINGFIELD GETS

NEXT MEETING

St. Louis, Mo., June 25.—William H. Harrison of Louisville, Ky., was re-elected President of the International Optimist Clubs of the World at the closing session of the annual convention of the organization here today and Springfield, Ill., was chosen for the 1921 convention. H. B. Lewis of Springfield, Ill., was elected treasurer.

The directors of the Social Service League will meet at the league rooms Tuesday evening at 7:30.

William Barr of Virginia was added to the list of city callers yesterday.

TRY TO INTERVIEW LLOYD GEORGE

LONDON — Premier Lloyd George has been besieged at his official residence, 10 Downing Street, by a large number of would-be housekeepers attracted there as the result of a joke with a moral perpetrated by an organization of women clerks and secretaries.

Hundreds of members of the organization have been dismissed of employment in government offices as post-war activities have ceased. They have protested vigorously through delegates who have tried unsuccessfully to interview Mr. Lloyd George. In answer to their last communication the Premier had the following addressed to them:

"The Prime Minister says there can't be very much in this talk of women finding it hard to find employment. He has been trying for some time to get a housekeeper for No. 10, and he can't find one who wants the situation."

Dorothy Evans, secretary of the organization, immediately called several employment agencies by telephone. The proposition appealed to many applicants at the agencies for it isn't every day that a woman gets a chance to work at the famous No. 10. Soon the austere doorman at the official residence was opening the door not to highbrowed politicians but to a number of women in all stations of life brought by servitude.

The doorman reported to a secretary, the secretary to the Prime Minister and in a short time the secretary was on the telephone telling the agencies to call off the applicants. And the Prime Minister has not yet obtained a suitable housekeeper.

MUCH INTEREST IN CANADIAN ASSEMBLY

TORONTO, Ont.—Widespread interest attends the opening of the legislature of the Province of Ontario here tomorrow in view of the fact that the new assembly is a preponderantly "farm and labor" government, committed to public ownership or control of railways and water transportation, telephone, telegraph and express systems and projects for the development of national power and the coal mining industry.

Ontario, which has led politically in the movement of the farmers to governmental power, is not so much of an agricultural province, relatively speaking, as the great grain-growing provinces of Alberta and Saskatchewan, where the old-line Liberals are still in power. It is on the contrary, much of a manufacturing region. Notwithstanding this, the United Farmers of Ontario, won 45 of the 111 seats at the general elections on October 30 and by coalition with 11 labor members, the agriculturalists obtained a slim majority to control the legislature. The cabinet of Premier Drury is composed of eight farmers, two laborites and one lawyer—there had to be one lawyer for the attorney generalship.

The development of the farmers' political organization has proceeded steadily since 1914 when a small group met in a farm house near Toronto and organized the First Farmers' Cooperative Society. It was announced that the organization would confine itself to commercial enterprises but it soon became a political factor.

The farmers' platform approves the League of Nations and favors the "development of the British Empire along the lines of partnership between nations free and equal."

It urges the reduction of Canada's huge national debt by development of her "natural resources." It also denounces the

protective tariff as "the most wasteful and costly method ever designed to raising public revenue," adding that "Great Britain's financial strength during the war was due to her free trade policy which enabled her to draw her supplies freely from every quarter of the globe and consequently to undersell her competitors in the world's market."

It also recommends the acceptance of the Reciprocity Treaty offered to Canada by the United States in 1911. In addition the platform aims to set in motion a basis of commerce which, in five years, would result in complete free trade with Great Britain.

"Gentlemen:—

"I purchased a Wallis Tractor from you in Nov. 1919. I plowed (90) Acres for corn in 1919.

"In 1920 I sure gave her a hard test, I put in (70) acres of oats, and (300) acres of corn. I also harrowed (100) acres of corn in (10) hours..

"I run her from 4 o'clock in the morning, until 10 o'clock at night. I never stopped the engine. I think she is the best Tractor that goes to the field.

"Here is my reason—she takes less kerosene oil, and less cylinder oil,—she runs cool,—and you don't have to be carrying water to the field, to cool her off.

"Another good reason—I could never have gotten my corn in this year, if I had not had my Wallis Tractor. She has never refused to start, just touch her with the crank and off she goes, racing to the field. She never gets tired, and never wants to stop at 6 o'clock as horses do.—And another good reason—my expense has been nothing but care and oil.

"I will cut wheat and oats, then I will pull a 24x40 Keck-Gonnerman separator with her."

How Spinal Defects Occur

MANY persons have asked how the spine can press the nerves and shut off the life-giving energy and cause weakness and disease in certain parts of the body. The spine protects the spinal cord through which energy passes from the brain to the network of nerves that supply every part of the body. The spine is made up of separate moveable parts that are easily displaced and are sensitive to every strain and jar.

Causes of the Fatal Pressure

In fact there are many contributory causes that lead to defective spines and they are present every day of life. Before, during and after birth the weak and tender spine is very easily affected. The manner in which a child sits at the school desk, or the position of the man or woman while at work is likely to cause defect and curvature. Strenuous games, active play, falls, blows, sudden twists, or strains from carrying or lifting heavy weights are all likely to bow the spine out of plumb. This brings about the fatal pressure upon the nerves and throbbles or obstructs the life-giving nerve currents, thus leading to disease.

CHIROPRACTIC CORRECTS SPINAL DEFECTS

It lifts the pressure from the nerves, permitting them to

nourish the famished, worn out and diseased tissues and organs. With normal nerve function restored, Nature brings about healthy conditions in the organs effected. In

AN OLD TIME POEM

The writer has been trying to recall an old time poem he learned when a child. It gives a somewhat vivid picture of pioneer days. It is supposed to have been written by a native of Scotland.

"Suppose a traveler thru the west
Should come across a Hoosier's nest,
In other words a frontier cabin,
Just big enough to hold Queen Mab in

And wishing shelter for the night,
He hails the house and then alights.
The Hoosier meets him at the door,
The salutations soon are o'er;

He leads the stranger's horse aside,
Which to a sapling soon is tied,
And having stripped the saddle off
He feeds him in a sugar trough.

The stranger enters, looks about,
With curious eyes surveys the room
And wonders at the humble home.

Two punchcoons make the heavy door,
A few more make the cabin floor,
A post, two rails, compose the bed,
The tick with boughs of green is fed.

A rifle hangs above the door,
Three dogs are stretched upon the floor,
Dried pumpkin strips hang thick above,
A fireplace takes the place of stove.

The chinks admit a lot of air,
A ladder takes the place of stairs;
The humble meal of pone and pork
Is served along with scrap of venison jerk.

The children, after being fed,
Are tucked into the trundle bed,
Which mother rolls beneath her own,
And lets the cherubs sleep till dawn.

A pallet for the guest is spread
In lieu of more pretentious bed,
The men both gaze into the fire
And let the wife, unseen, retire.

The honest, true good-night is said,
Each person seeks his humble bed
And sleeps with conscience void
Of wrong.

To walk with feathered forest song,
The stranger rises with the sun,
The host goes out with dog and gun
And soon returns with toothsome game.

Prepared for breakfast o'er the flame
Of fireplace in a skillet wide,
Which serves for other things beside.

Before they gather 'round the board,
The stranger asks the gracious Lord
To bless the household every day
And speed them on their humble way.

All eat with lusty appetite;
The frugal meal is found all right,
Good-bye is said with real regret;
The guest would tarry long, and

He must be up and on his way,
Must travel many miles that day,
He muses as he goes along
On other scenes and folks among

Conditions far more grand than these
Amid the virgin forest trees,
And yet is certain he can say
With truth no being may gainsay

That bonnie wains and clever hizzies
Are bred in sic a place as this is."

Explanations:
Hoosier—A name for natives of Indiana.

Sugar trough—Sap used to be collected from maple trees in little troughs placed at each tree.

ALL the great lovers in the world have been held in the meshes of some woman's glorious hair. The worship of that crowning glory of the feminine sex is older than poetry. And man's hair, too, has come in for an equal adoration on the part of women. Whoever heard of a scraggly haired woman being the heroine of a love story or of a baldheaded man being the hero? When the hair goes, the lover follows. And today, with our close-packed civilization the hair is going. Going so rapidly that over half the civilized world is becoming bald! And every other person you meet is asking,

How Can I Save My Hair?

The answer to that question now comes at last from no less an authority than F. A. Thompson & Co., one of the largest and oldest pharmaceutical houses in America, a house which for many years has manufactured the staple medicines for your physicians and druggists. The answer to your question, therefore, is

You Can Save Your Hair Only By Destroying The Germ That Destroys Your Hair

After many laboratory experiments, we have finally worked out a highly active hair food which is also a "bactericide" or destroyer of that germ. We have given this remedy a trade-name easy to remember and have called it "FAMO Hair and Scalp Remedy".

FAMO

Will Destroy that Germ

We absolutely guarantee it with our reputation and your money back.

There is such a rich hair nourishment in FAMO and such a quick reaction against this germ that if you will use this remedy daily your scalp will become clean and lovely. The dandruff will disappear because the germ has been destroyed. And your hair will take on a healthy and natural gloss and luxuriant growth such as you have not known in years.

Dandruff the Result—Not the Cause

The trouble heretofore has been that people have mistaken dandruff for the cause, whereas it is only the result of this germ disease. The germ which destroys your hair attacks the glands of the hair near the hair root. And dandruff is merely the oil which these glands when so attacked throw off and which drives into little flakes upon the scalp.

To get rid of dandruff does not get rid of the germ. But to get rid of the germ does get rid of dandruff. And FAMO gets rid of that germ.

FAMO Has No Alcohol

Our final problem was how to keep our remedy in pure medicinal liquid form without alcohol. For any Doctor knows that alcohol if used often will dry the scalp, make the hair brittle and turn it gray. We finally solved this problem and FAMO contains no alcohol!

If you are unable to purchase FAMO from the local dealer in your city send 10c with this coupon for a sample bottle.

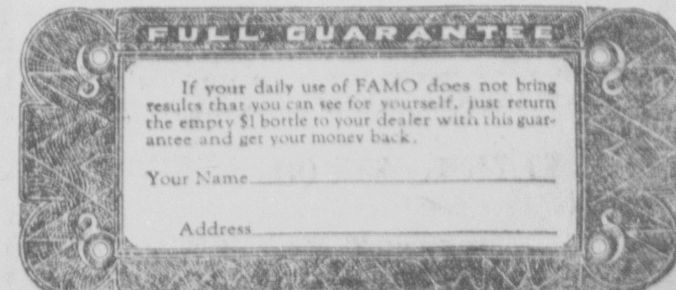

F. A. Thompson & Co., Detroit, Michigan Dept. 20

Included free with this coupon is your sample bottle of FAMO Hair and Scalp Remedy. Please send me your name, address, and the name of my nearest dealer where I can purchase FAMO in the future.

MEREDOSIA COUPLE MARRIED TEN YEARS

Mr. and Mrs. G. A. Bennett celebrated their tenth wedding anniversary—other interesting news notes from Meredosia.

Meredosia, June 26.—Mrs. N. W. Woods of Bluffs was visit-

ing friends here Thursday. Mr. and Mrs. G. A. Bennett entertained Mr. and Mrs. W. R. Caultas, Mrs. Edith Woodward, son, Donald, of Jacksonville, Thursday in honor of their sixth wedding anniversary. G. A. Weeks real estate dealer of Arenzville was a business visitor here Friday.

Mrs. Grant Cordery of Springfield has been spending the week with her parents, Mr. and Mrs. Luther Cline.

Peter Appleby of Guthrie, Okla., is visiting his sister, Mrs. Charles Winningham.

Rex Bollard of Jerseyville spent a portion of the week here with his mother, Mrs. Mary Bollard.

Miss Ida Schram of Beaver, Ohio, is visiting her aunt, Mrs. J. F. Yeck.

Ralph and Leslie Campbell and their families of Bluffs were guests of Mr. and Mrs. Henry Swisher Wednesday.

Miss Gwendolyn Berger arrived some Wednesday from a four weeks' visit with relatives at East St. Louis.

Mr. and Mrs. Willie Floyd are rejoicing over the arrival of a daughter at their home this week. Ben Schlieker living five miles east of this place lost his barn and contents by fire Wednesday afternoon caused by a bolt of lightning. A quantity of hay and grain was stored in the barn.

Victor and Eileen Payne of the I. O. O. F. orphans' home at Lincoln are spending their summer vacation at the home of their friend parents, Mr. and Mrs. John Yeckel.

Rural Carrier Unland had a narrow escape Tuesday from being struck with bolt of lightning which struck a tree near by him

as he was returning to town and was near the Charles Beauchamp farm. Mr. Unland suffered with deafness for sometime after receiving the shock.

Mrs. E. B. Montgomery and daughter, Allegra of Quincy are visiting at the home of the former's mother, Mrs. Mary Burns. Rev. P. A. Jorgensen of Joliet spent a portion of this week with friends.

A little daughter arrived at the home of Mr. and Mrs. Dollie Hudson Saturday.

Mrs. Charles Brackenturg has been on the sick list the past week.

W. I. Lowrey, foreman of Phillips Bros. job office Springfield has been spending the week with Editor Eyrdick and family.

Mr. and Mrs. F. H. Chenoweth of Peoria spent several days the past week with Mr. and Mrs. W. H. Ayres.

Sullivan Hodges returned home this week from the south, having received an honorable discharge from regular army service which he has been in for the past five years.

Mrs. J. R. Bowling of Springfield spent Wednesday with Mrs. Mollie Turnham.

Arthur Dunn of Springfield was a business visitor here the past week. He is in the employ of the Wabash railroad.

Larene Unland is spending the week with relatives near Beardstown.

CONCORD

Luther Brockhouse, now of Denver, Colo., arrived at Chapin early Saturday morning for a visit with relatives. He is with the J. I. Case Threshing Machine company. He is looking fine and the climate agrees with him.

Miss Carrie Deitrick of Concord was hurt in a runaway on Thursday when her horse became frightened at a transfer truck and ran away. Miss Deitrick was thrown out and bruised up somewhat. The buggy was also damaged to a considerable extent.

W. F. Nergenh and S. M. Henderson motored to the city on Saturday.

Theodore Tappenback and Henry Tieman, near Concord, report a three-fourths loss of wheat by the hail storm of June 22.

Jonah Kelley, who was convicted of the crime of rape and sentenced to serve a term of thirty-five (35) years in Southern Illinois Penitentiary, at the October Term, 1908, of the Circuit Court of Morgan County, will apply for a parole at the August, 1920, meeting of the Division of Pardons and Paroles at Menard, Illinois.

PENSION FOR BAPTIST PASTORS PROPOSED

Provision for Retiring Pension for Baptist Pastors Outlined in Report at Session of Northern Baptist Convention in Buffalo.

Buffalo, N. Y., June 26.—Provision for a retiring pension for Baptist pastors was outlined in a report of the Ministers and Missionaries Benefit Board, submitted at the thirteenth annual session of the Northern Baptist convention here today.

The plan provided for a retiring pension after 35 years of service. The amount of the pension is half the average annual salary received during that period. Baptist pastors, missionaries or other ordained Baptist ministers engaged in specific denominational work approved by the board, are eligible. The actual cost will be \$60 for each \$1,000 of salary received by the minister. This cost, the report recommends, should be provided by the church which the eligible applicant served on retiring. A portion of the income of the board's funds will be applied toward a reduction of this cost, but these contributions will not exceed 90 per cent of the annual cost.

Two forms of pensions are outlined, a single pension providing for the minister and continues for a reduced amount to his widow.

Those under 30 may apply at any time, while those between 30 and 65 must apply before July 1, 1922. Certificates of membership will be issued to eligible applicants approved by the

board, who agree to provide for the annual payment of an amount equal to six per cent of the salary each year after they become members. Applicants over 30 may pay up preceding dues or apply for a pension based upon the proportionate service rendered after the date of joining. Back dues may be paid in full or instalments before the member reaches 65.

The pension plan, the report states, is distinct from that providing for aged missionaries and ministers, their widows and orphaned children or for those who have become incapacitated in

service. This work will be continued. In figuring the average of salary, the board ruled that a "reasonable rental" for parsonage is included, if one is provided by the church of which the member is pastor.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

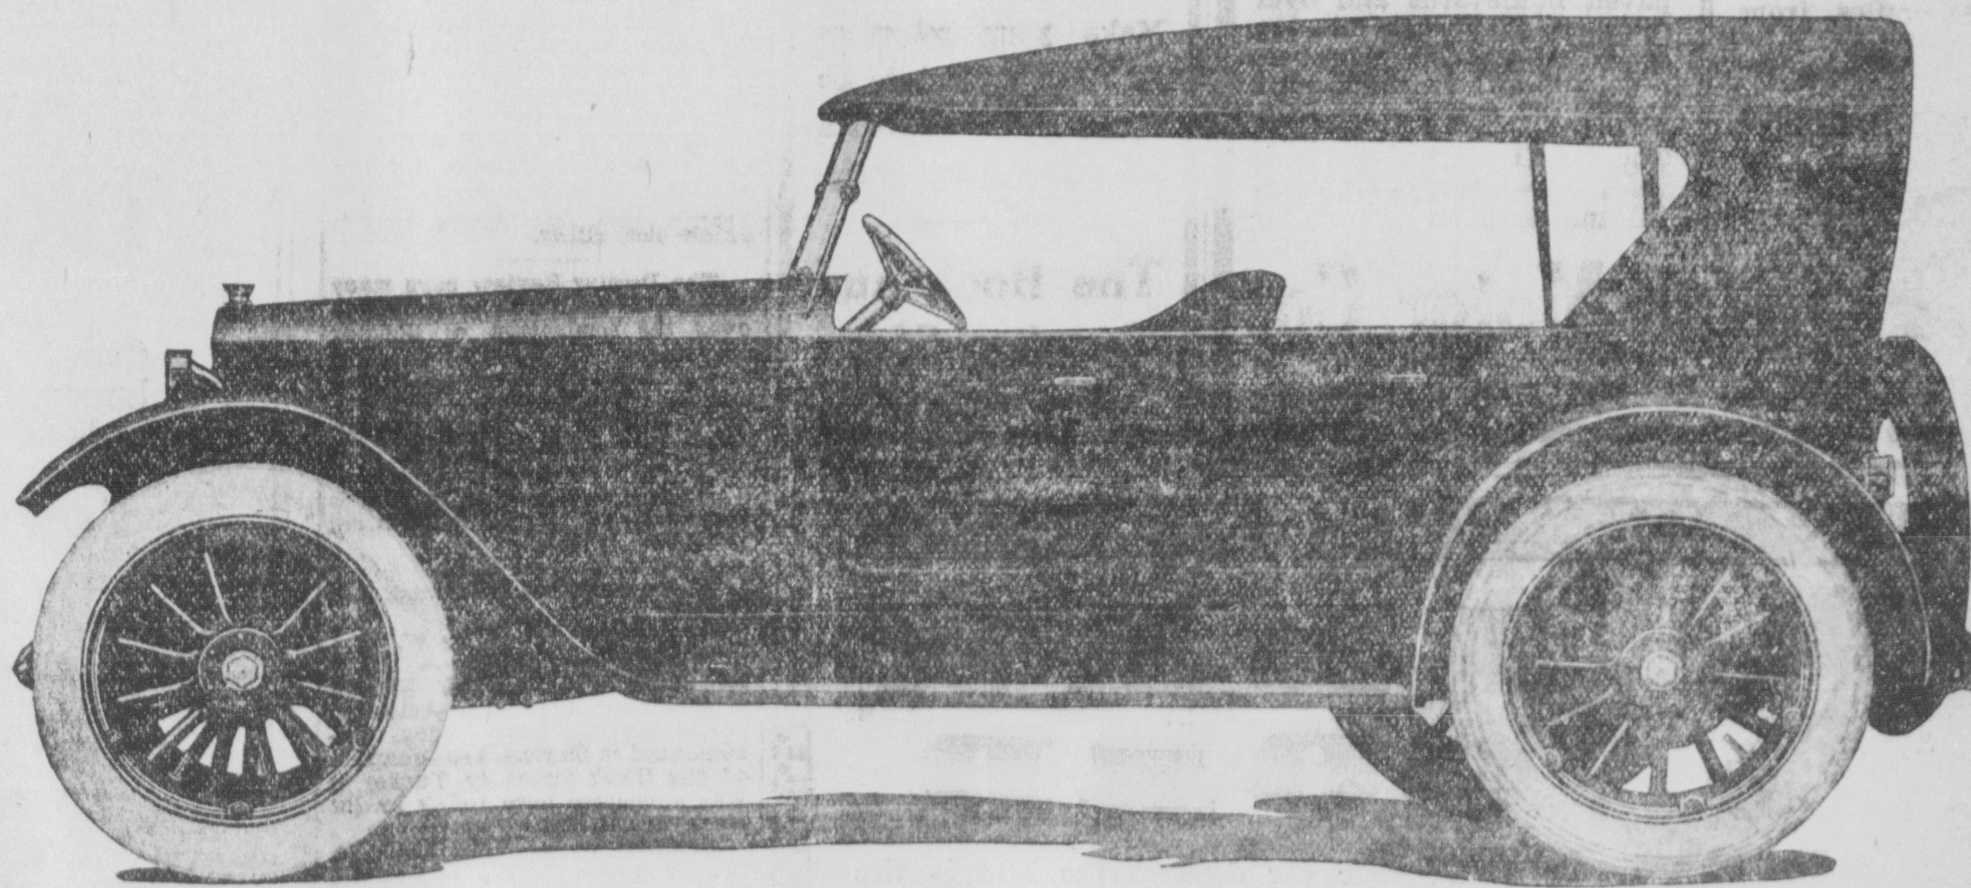

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

PREPARING FOR JULY 4TH

State Fire Marshal Urges Measures to Prevent Fires and Accidents.

Springfield, Ill., June 25.—“A Fourth of July without fires or accidents.”

This is the gist of an appeal sent to every community in the state today by State Fire Marshal John G. Gamber.

“It is absolutely essential that efforts be made now as never before to conserve life and property from fire,” he states. “Conservation and thrift must replace waste and extravagance as one of the most necessary steps in a readjustment to lower price levels.”

“Property is being burned at the rate of one million dollars a

day in the United States and one million and a quarter dollars a month in Illinois. Fifteen thousand persons die from burns every year in the nation.

“Every house burned contributes that much to the acute shortage of homes in the community at a time when prohibitive prices are preventing new construction from catching up with serious immediate needs. Every mercantile stock destroyed adds to the unbearable burden of high prices. Every life lost, every person maimed, is an economic drain.”

“Though the more dangerous fireworks are now prohibited in most communities, danger exists in every firecracker and every piece of fireworks. Experience is altogether against their use. Where they are used every precaution should be taken to prevent injury to persons or fire to property. Especially should parents keep watch over children.”

“Proper authorities will enforce ordinances and prosecute reckless individuals, but the prime need is individual carefulness and co-operation, which should be willingly and patriotically given.”

COUNTY CANDIDATES SCARCE.

(From Franklin Times.)

Although it is less than three months until the date of the primary, candidates for county office are not stepping all over each other in a mad rush for party preference. Perhaps the fact that as a rule official salaries have not been advanced in keeping with the cost of living has something to do with it. The man whose friends are slapping him on the back and telling him how easily he can be nominated and elected is thinking twice and counting the cost before chucking his hat in the ring. The scarcity of competent clerical help in nearly all lines of business makes it possible for the man with sufficient education and ability to fill a county office to secure employment at a fair salary without spending five or six months time and several good hard dollars on an uncertainty.

Thus far the only active competition is between state's attorney Carl Robinson and Hugh Green, a well known young lawyer of Jacksonville, for the Republican nomination for state's attorney, and that office is now considered the political plum of the county. While Green and Robinson are making an energetic canvass, there is as yet no candidate on the Democratic ticket, and several well known lawyers approached in the subject have gracefully side-stepped in favor of somebody else.

A similar condition exists in regard to the office of circuit clerk, so far as Republican candidates are concerned. It is generally known that Charles W. Piston, the present incumbent, elected on the Democratic ticket four years ago, will seek the office again. Mr. Boston was, if we remember rightly the only Democrat elected to a county office in 1916, and while his majority was a small one, he has added to the number of his friends by careful attention to his duties, good judgment in the selection of deputies and keeping office business shipshape at all times. He has in fact made a most excellent circuit clerk and with his popularity among voters in both parties it is generally re-

cognized that he would be a hard man to defeat. The office of circuit clerk is an important one to residents of the county and it is conceded that Mr. Boston has been one hundred per cent efficient. With a growing realization among voters everywhere of the desirability of retaining competent men in offices of merely local importance regardless of their party affiliation, it is quite probable that the voters of Morgan county as a whole will do little worrying if nobody else hankers for the circuit clerk's office this year.

With two county commissioners to elect, there is not, so far as we know, a single candidate in sight. The office of county commissioner is a good deal like that of a village trustee. He works

for much less than he gets, and everybody in the balliwick feels privileged to cuss him occasionally on general principles. The pay is not anywhere near commensurate with the duties involved, and able men in both parties who have been suggested have declined to allow their names to go before the voters for consideration. Perhaps, in the end, it will be necessary for the party leaders to get together and agree to divide the two commissioners between them, each taking one and drawing straws for the long term. The competent man who accepts the office of commissioner will be doing Morgan county a favor, and men willing to spend both time and money contesting for the office are not going to be easy to find.
